

**Tectono-stratigraphic evolution of the southern Apennines-Calabrian-Peloritan  
Arc System**

Prof. Stefano Vitale

12 hours – 3 CFU

**Short Program of the Course:**

- Cenozoic evolution of the circum-Mediterranean chains: an overview (2 hrs)
- southern Apennines: general stratigraphy, deformation and tectonic setting (5 hrs)
- Calabrian-Peloritani Arc: general stratigraphy, deformation and tectonic setting (3 hrs)
- Tectono-stratigraphic evolution of the southern Apennines-Calabrian-Peloritan Arc System (2 hrs)
